### What did you see?

Type or search the species if you know it. If not enter the type of animal e.g. fish and the iNaturalist community will identify it for you!  
*\*Required for entry*

### When did you see it?

Choose the date and time  
*\*Required for entry*

### Where were you?

Name the place, put in the GPS coordinates or pinpoint the location on the map.  
*\*Required for entry*

### Tag

Add the tag *#EveryDiveCounts* & *#Garmin* here

1. Fill out project observation fields: enter the information that you can – observations with more details are more useful for research and thus have a greater impact.

Fill out project observation fields

Time of sighting?

---

Sex  Sex of the individual observed. Choose "mixed" for a group with multiple sexes.

---

If diving, what depth?   
Depth in meters of the observation

---

Water temperature at site   
Degrees Celsius

---

Animal Behaviour Observed?   
Note any behaviours you observed

---

Group Size   
Number of individuals

---
